

## INDEXER REMOTE CONTROL (Patent N° 102017000107408) IRC

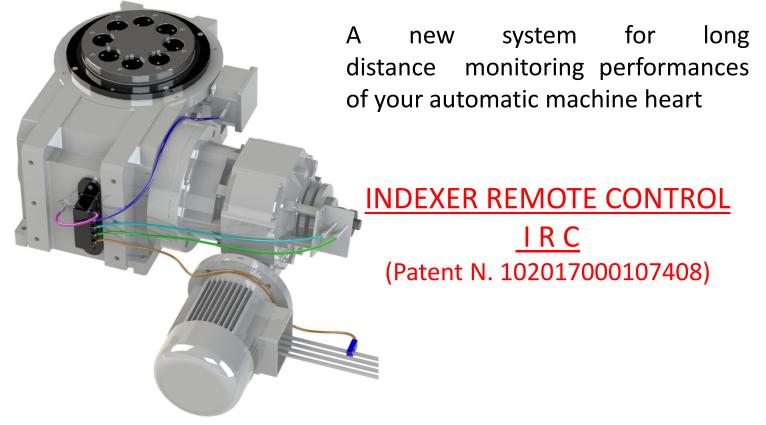

See on your smartphone/laptop if the heart (indexer) of your machine is running well

### **IRC – INDEXER REMOTE CONTROL**

The 5 years warranty company

### **BENEFITS:**

To **look** faraway with your smartphone or tablet the key parameters of a running automatic machine as :

- **Speed** (which effects the machine life )
- **Temperature** ( of the indexer and the environment )
- Vibration (depending by the rigidity, is the most important data for the machine life)
- Phase ( to see if the dwell meet the camlaw )
- Possibility to change the parameters compared with the previous ones calculated for the specific application
- to know the overall rigidity looking at the HERZ vibration value calculated by our technical office and based on the indexer rigidity and the output mass rigidity
